

FERRYL 101

ANTICORROSIVE OIL

An anticorrosive oil specially designed for the marine environment, providing ultimate rust protection and superior penetration to extend wire-life and efficiency.

1. Superior Penetration

Protection of entire wire through penetration into wire core

2. Wide Temperature Range

For use in extreme climates and temperatures well below freezing

3. Rust Inhibitors

Chemically active for ultimate rust protection

4. Magnetic-Like Adhesion

Ensures excellent adhesion to the wire

5. Semi-Drying Film

Protective layer prevents penetration of moisture
- flexibility without cracking

6. Lubrication

Protects against deterioration and wear
- easy running of rigging

Specially designed for cold climate use and on fast-moving wires.

Used wherever protection against rust and/or lubrication is needed:

- | | | |
|------------------|---------------|------------------|
| ✓ Winches | ✓ Shackles | ✓ Valves |
| ✓ Mooring Wires | ✓ Backsprings | ✓ Bearings |
| ✓ Lifeboat Falls | ✓ Hoists | ✓ Screws & Bolts |
| ✓ Derricks | ✓ Lashings | and More |

Can be applied by brush, glove or wire-lubricator

Supplied in 25L metal drum
